## **TOBY DUMONT, PLS PRINCIPAL**

tobyd@pcimontana.com

### **PROFESSIONAL EXPERIENCE:**

Toby joined PCI in June of 1994 and has worked in numerous capacities, covering the full spectrum of survey duties for private, corporate and governmental agencies. He presently serves as Survey Department Manager and is responsible for the overall promotion and management of boundary, development, mapping, control, engineering and construction surveying projects. Toby has supervised projects for a wide variety of clients, to include: USDA - Forest Service, Montana Department of Transportation, Federal Highway Administration, and numerous other governmental agencies, as well as hundreds of private sector clients.

Toby has a background in the efficient time/cost management of projects. He has provided review/analysis of controversial survey issues. He is computer literate, and has a working knowledge of numerous software packages. He has supplemented his formal education on a regular basis with Continuing Education courses covering all aspects of the profession.

### **EDUCATION:**

Associates Degree, Surveying, 1990, Paul Smiths College of Arts and Science, New York
